

“Rot Proof Solutions for Your Home™”

No matter how well a home is built, over time water and insects will come in contact with exterior door frames. Builders demand products that will resist rot and reduce costly repairs.

Protecting the base of exterior frames is the idea behind our patented FrameSaver® technology. A revolutionary wood composite material so resistant to rot and insect damage, we guarantee the frame for life.

Contact Endura Products, Inc. for FrameSaver® and more rot proof solutions for the home; featuring all composite Z-Series Sills, French Door Astragals, Continuous Entry Door Systems, and weather sealing products.

FRAMESAVER ROT-RESISTANT EXTERIOR FRAMES

Finger Jointed composite material to wood creates a perfect fit and maintains the structural integrity of the frame.

Machines & Finishes Just Like Wood.

Composite Material won't absorb water like wood, and prevents bottom of the frame from ever rotting.

Guaranteed For Life. Revolutionary wood composite material is so resistant to rot and insect damage that it is guaranteed for life.

FEATURES

- Eliminates callbacks - Guaranteed
- Lifetime warranty against rot or insect damage
- Composite bottom will not wick or absorb water
- Available frames for door unit widths of 4-1/8" to 8-7/8" and for sidelite and hinged patio applications
- Easy to use - Machines, sands and finishes like a standard wood frame
- Available for 2x6, 2x8 and 2x10 garage door applications
- Available in a variety of mull sizes:

1-3/4x4	2x4-3/8
1-3/4x4-1/4	2-1/2x3-9/16
2x3-9/16	2-1/2x4-3/8

MULLS

Variety of mulls for patio and sidelite units, notched for your sill.

BRICKMOULD

The same FrameSaver technology is available on brickmould, stucco, and casing mouldings.

GARAGE DOOR FRAMES

We offer the same FrameSaver protection for garage door frames.
